

INTEC Controls provides. . .

. . . On/Off & Modulating Electric And Pneumatic Butterfly Valves

Compatible with electric or electronic control,
DDC/PLC control and building automation systems

397 BFV Series for Standard HVAC Applications

- Full-lugged style, 2" to 48"
- Cast iron body
- 200 PSIG body rated
- EPDM lined for -40°F to 250°F
- Bubble tight
- Teflon graphite bushing
- Buna seal packing
- 416 stainless steel stem
- Ductile iron-nylon 11, coated disk
- 2-way and 3-way

Also Available:

- Up to 72"
- Full-lugged or wafer style body
- Up to 600 PSIG body rated
- High performance valves
- Retrofit actuators for existing valves

*Hot & Chilled Water
Low Pressure Steam*

• Various Actuators

- Rotary, direct coupled
- Heavy duty industrial
- Pneumatic push-pull, or rack and pinion style
- Two-position or modulating control
