## INTEC Controls is the Solution for Refrigerant Safety

Refrigerant gases, although generally low in toxicity, pose risks when present at high concentrations, potentially displacing oxygen.

Additionally, these chemicals are regulated by the Environmental Protection Agency (EPA) because many refrigerants are classified as ozone-depleting substances and are subject to rigorous monitoring.

Leak detection is essential for compliance with ASHRAE Standard 15 and applicable local building codes and for ensuring workplace safety. INTEC Controls offers code-compliant, highly flexible, and results-driven solutions. Our pre-engineered solutions with fast delivery will help you meet the needs of your space.

### Expertise that is Turnkey

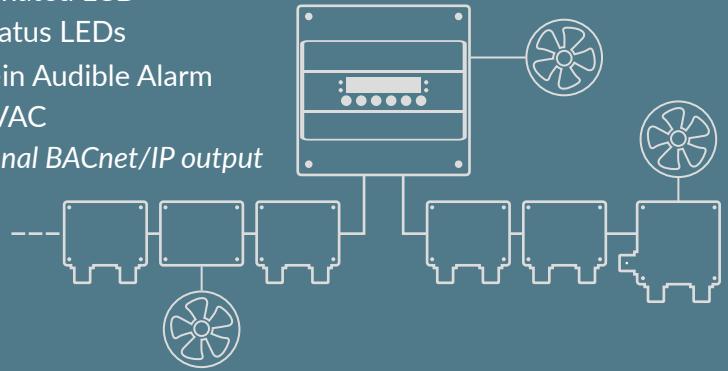

INTEC Controls is a brand of  
BC Solutions, LLC

# PolyGard<sup>®</sup>2 Refrigerant Solutions

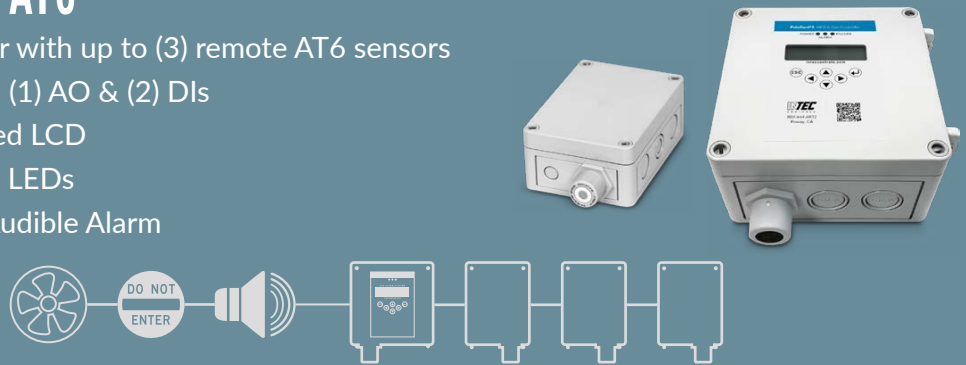

## DGC6 + AT6 / DT6

- Controller for up to (96) DT6 / AT6 sensors
- (3) relays, (2) AOs & (4) DIs
- Illuminated LCD
- (4) Status LEDs
- Built-in Audible Alarm
- 120 VAC
- *Optional BACnet/IP output*

## MGC6 + AT6

- Controller with up to (3) remote AT6 sensors
- (2) relays, (1) AO & (2) DIs
- Illuminated LCD
- (3) Status LEDs
- Built-in Audible Alarm
- 24 VDC

## SGC6

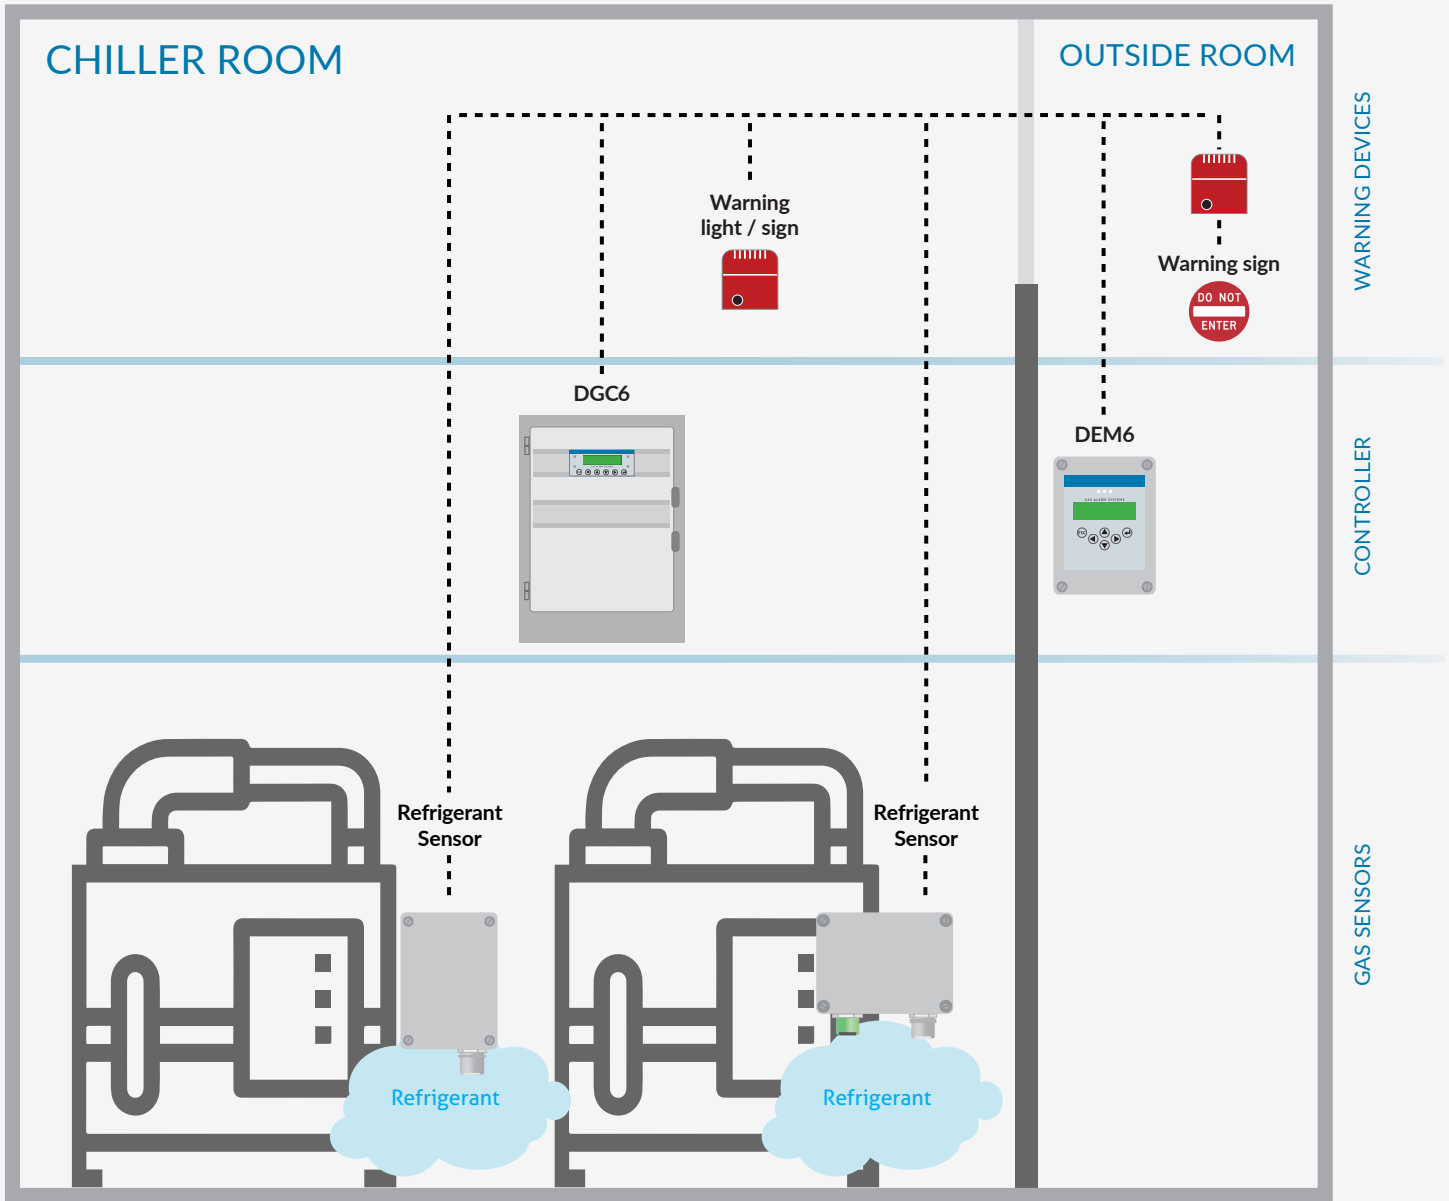

- Standalone gas controller for 1 or 2 sensors
- (1) Built-in and/or (1) remote DR6 sensor (up to 16 ft)
- (2) relays, (1) AO & (1) DI
- Illuminated LCD
- (3) Status LEDs
- Built-in Audible Alarm
- 24 VAC/DC

All with the SC2-Refrigerant heads

### Available accessories

- Horn/strobes
- Emergency break glass stations
- DEM6
