

Why INTEC Controls...

Complete Code-Compliant Solutions for All Gas Detection Projects

1 Code Compliant

- UL 2075 Listed sensors
- UL 2017 Listed controllers

2 Flexible

- Single- and multi-channel controllers
- Sense-only or sense and control field devices
- Flexible wiring configurations (up to 8-point star)
- Flexible control strategies

3 Extraordinary Technical Support

- Optimized bill of materials, project-specific sequence of operation and installation drawings
- Equipment shipped pre-programmed and pre-addressed
- Live commissioning assistance

4 Cost Effective

- Single-, dual- and triple-gas sensors save on hardware and installation
- Pre-configured equipment eliminates sensor addressing and controller programming time and reduces on-site commissioning time
- Single source for wire, calibration gas and accessories

5 Fast Delivery

- We have everything in stock to meet your project schedule
